Dear Students and Parents,

We hope all of you are healthy and safe especially during the COVID-19 health emergency. Due to the ongoing pandemic, all school districts are offering At-Home Learning (online learning) for each of their students. We want all our school going students to have an engaging and successful experience with online learning.

America's Choice Children Center will provide support in the following areas:

- Designated area and assigned seating (with social distancing norm) within the Center for online learning students
- Internet with Wi-Fi access so your child can log into their classrooms
- Enhanced Wi-Fi security to ensure access is limited to learning sites
- Monitoring by our staff to ensure your child is logged into their classrooms

Parent Expectations & Responsibilities:

- Ensure your child is dropped off with a functioning laptop, charger, and headphones
- Ensure your child is completing their homework and any other relevant tasks at home
- ACCC will not be able to support your child's continued learning if they do not bring their laptop and headphones with them

Other OPTIONAL Services

If you so choose, we have an external tutoring company that can come in twice a week and provide tutoring services to your child. Cost is \$25 per week (self-pay & NCI families) in addition to your weekly tuition. Tutoring will take place only if we have minimum of 10 kids enrolled. Please sign up with the Center Director.
